

# CUSTOM MOUNTING SOLUTIONS

## PEERLESS CUSTOM

For more information on developing your custom solution, please contact your local sales manager or contact a Peerless Custom Project Manager at (800) 865-2112.

## CUSTOM MOUNTS FOR ANY INSTALLATION

Peerless is an industry leader in custom mounting solutions. In fact, our very first television mount was developed as a 'custom inquiry.' Over the years we've developed innovative audio/visual solutions for a wide variety of applications: hotels, stadiums, airports, schools, retail stores, churches, bars, restaurants and more. Just because it doesn't exist yet, doesn't mean we can't design and manufacture it for you.

### PEERLESS MAKES DEVELOPMENT OF CUSTOM MOUNTING SOLUTIONS SIMPLE

#### CUSTOM PROJECT MANAGER

Peerless' Custom Product Development Group provide a single point of contact who oversees the project every step of the way, ensuring the timely and satisfactory development of your custom project.

#### DEDICATED ENGINEERS

Peerless' Custom Product Development Group provides one of the largest and most experienced custom engineering and support staff in the industry.

#### STATE-OF-THE-ART DESIGN AND PRODUCTION

Peerless' Custom Product Development Group maintains its own high-tech engineering and manufacturing equipment so you never have to 'wait your turn' as you do with companies that outsource production. Utilizing COSMO FEA predictive modeling system allows our engineers to virtually test design performance before prototypes are produced. The laser CNC machining equipment allows us to rapidly turn design prototypes into finished products, making it easy for you to get a custom mounting solution, even on a tough deadline.

### DESIGN. DEVELOP. DEPLOY.

Our D3 process takes you from initial concept to final custom product with our experienced and dedicated custom team who works closely with you every step of the way.

#### DESIGN

**Contact:** Contact your local sales representative, or call Peerless' Custom Product Development Group at 1-800-865-2112.

**Discovery:** Your Custom Project Manager works closely with you to define the particulars of your project.

**Concept Development:** The preliminary concept is developed along with a cost estimate and schedule.

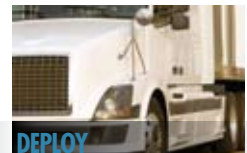

#### DEVELOP

**Prototype:** Once the concept is approved, our dedicated custom engineering staff creates a working prototype.

**Prototype Approval:** You evaluate the working prototype.

**Final Product Development:** Peerless' dedicated custom engineers finalize the details of your project and align resources for the production run.

#### DEPLOY

**Delivery Details:** Final pricing and delivery information is provided.

**Production Run:** Your custom mounting solution is produced in our state-of-the-art 308,000 - square-foot facility. Our entire custom team is under one roof, ensuring your product is produced with the professional quality you expect from Peerless.

**Final Delivery:** Your product is shipped to wherever you need it to be, anywhere in the world.
